

Social Enterprise - is it for me?

This half day workshop is an introduction to the concept of social enterprise, what it means, what it looks like and how a social enterprise operates. At the end of the workshop, delegates should have all the information they need to decide whether to pursue social enterprise as a business model for their idea and be ready to take the next steps.

Who should attend?

Individuals who are exploring whether to set up as a social enterprise. Managers/trustees/directors from existing third sector organisations looking at developing a social enterprise model to generate income and become sustainable.
